

### Caliber Cabinets, Inc. Estimating & Design Policy

Thank you for your interest in custom cabinetry from Caliber Cabinets, Inc. We are a second-generation custom cabinet shop, and we pride ourselves on excellent customer service and building a High-Quality Custom Products that will give you years of enjoyment.

- We are happy to provide one free estimate based on your Professional Design & Measurements or Architect Drawings provided.
- If you **do not** have a Professional Design & Measurements or Architect Drawings, we ask that you enter into a Design Agreement. **We charge \$125.00 per hour for this service with a non-refundable 5-hour deposit of \$625.00.** With the Design Agreement you will receive a Design Consultation, Professional Measurements, Layout, and 3D renderings. Our Design Agreement is for a cabinetry layout and cabinetry materials selections. Also included you will receive an estimated cost based off the design we put together for you. If you need help choosing interior wall colors, stone tops, flooring, or tile selections, we recommend that you hire an interior designer for that portion of the project.
- After you hire us for your custom cabinetry project and enter into a Construction Agreement, we will allow up to two free revisions, **prior** to starting production of your project. For projects requiring more than two revisions, there will be a **\$125.00 per hour** charge for the additional design and preparation time.

We have this policy in place because we value our time and yours and always want to provide all our customers with 5 Star Service! If you have any questions regarding our Design Agreement, please contact one of our professionals for more information.

Thank you,

Mike Giannecchini, President, Caliber Cabinets Inc.
