

Caliber Cabinets, Inc. Estimating & Design Policy

Thank you for your interest in Custom Cabinetry from Caliber Cabinets, Inc. We are a second-generation custom cabinet shop and we pride ourselves on excellent Customer Service and building a High-Quality Custom Product that will give you years of enjoyment.

- We are happy to provide *one free estimate* based off your Professional Design & Measurements or Architect Drawings. Additional revisions to your free estimate will require a Design Contract or a Construction Contract.
- If you **do not** have a Professional Design & Measurements or Architect Drawings, we ask you enter into a Design Agreement. **We charge \$85.00 per hour for this service with a non-refundable 5-hour deposit of \$425.00.** You will get a Design Consultation, Professional Measurements, Layout with measurements and 3D renderings. Our Design Service is for a Cabinetry Layout and Cabinetry Materials Selection. You will also receive a free estimate based off of the design we put together for you. If you need help choosing wall colors, stone tops, and tile selections, we recommend hiring an interior designer.
- After you hire us for your Custom Cabinetry Project and enter into a Construction Agreement, we will give you two free revisions, prior to starting production of your project. Any project requiring more than two revisions, you will have to pay \$85.00 per hour for the additional design and preparation time.

We have this policy in place because we are extremely busy and want to provide all of our Customers with 5 Star Service! If you have any questions regarding our Estimating & Design Policy please contact one of our professionals for more information.

Thank you,

Mike Giannecchini, President, Caliber Cabinets Inc.
